### Second Month of Life in the Womb

The developing baby is now called a “fetus”, which is Latin for “Little One”. He is making rapid progress developing all his external and internal organs. During the second month, the baby teeth form; fingers and toes are developing; ears, nose, lips and tongue can now be clearly seen. Brain waves can be recorded. The skeleton changes from cartilage to bone. Forty muscle sets begin their first exercises. By 8 weeks, all body systems are present. This little one can now suck his thumb.

### Help Us Stock the Food Pantry!

We now share our Food Pantry with Holy Family Outreach. We find by combining our resources, we are better able to serve the needy of our community. Holy Family Outreach has regularly scheduled hours for food pick-up and distribution, and serves our parish as well as their own.

We are in need of non-perishable food items and toiletries for the Food Pantry. Please bring a few of these items each week when you come to Mass, and leave them in the designated box at the entrance to Church.
